BRIEF INTRODUCTION

JETMAN UK LTD. is located in Chaozhou city, ceramic capital of China. Trade Name of the company is JETMAN. JETMAN is a large-scale enterprise specializing in producing ceramic basins with a history of more than 19 years up to now. JETMAN owns the international most advanced firing equipment, kiln controlled by computer.

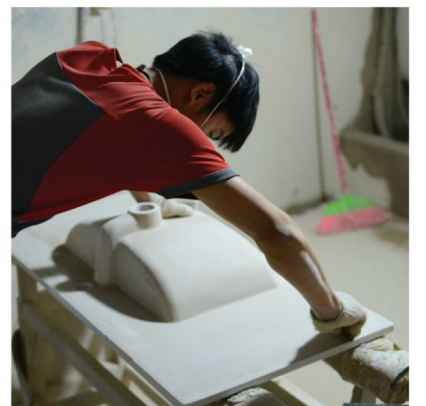

By introducing international advanced production equipment, JETMAN has produced a wide range of high quality basins with more than 300 types, including Thin basin, Mid-edge basin, Cabinet basin, Washtub basin, Art basin, Counter basin and Color basin. JETMAN has its own product developing department. All new product drawings and new samples from customers are welcomed. JETMAN has stuck by plans for growing up along with customers around the world.

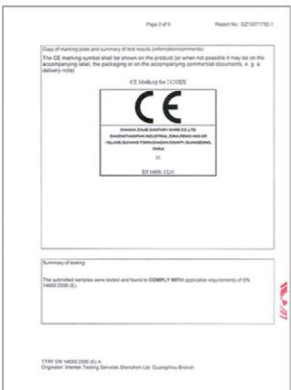

With a complete management mode and stable product quality, JETMAN has passed the certification of ISO9001:2015 international quality control system. Additionally, basins of JETMAN has passed the standard quality control of European Countries and received the CE certification accordingly.

Basins of JETMAN are made by firing white jade porcelain clay and applied with Japanese crystal self-cleaning glaze with the features of hard and shiny. Basins of JETMAN are well sold to clients from over 80 countries and regions, especially Europe. JETMAN has received good reputation in ceramic basin production area.

The world class ceramic basin in Chaozhou, The Chaozhou cutting edge ceramic basin in JETMAN.

JETMAN is looking forward to cooperating with companies all over the world together with Trust, Best Quality and Competitive Prices.
